

Academy of Music in Krakow

Krakow, 22nd January 2014

Honourable Sir

Grzegorz Calik

President

Euro Asian Foundtaion for Business Education

Grębynice, 63 Orlich Gniazd Street

Academy of Music in Krakow would like to thank for organization and realization of delegation in China on 6 – 15 December 2013.

As a participant of this trip, I would like to emphasize the professional preparation both from substantive and organizational side.

Members of the delegation had an opportunity to establish contacts with competent authority representatives of individual cities and universities. Journeys took place without interfering with scheduled meetings. Hotels met the conditions of comfortable rest. The meals aspect was solved properly.

The delegation was organized so that regardless of the merits, it was possible to even a cursory look at the culture, history and curiosities of China.

It's worth to emphasize good atmosphere introduced by you and your assistant as well as your professional approach in meeting with expectations of the participants.

I am ready to recommend your Foundation to people and institutions interested in establishing cooperation with China.

Yours sincerely,

Vice Rector for Scientific Research and International Cooperation

Academy of Music in Krakow
